FUND MANAGER COMMENTARY

In April 2019, USD Global Growth Opp. Equity Fund booked performance of -0.01% mom, lagging MSCI World performance of 3.4% and MSCI Asia ex-Japan performance of 1.8%. Global market continued the rally in the last month driven by expectation on dovish Fed stance and development of trade negotiation, especially on the first half of the month. Both factors were deteriorated on the early of May as Fed stance was not as dovish as market had expected and Trump threatened to put additional tariff on China imported goods. Going forward, global equities will continue to depend on economic development, currency's stability, and global risks' dynamics.
