### FUND MANAGER COMMENTARY

In March 2019, IDR Ultimate Equity Fund booked performance of +0.38% mom, in line with JCI performance of 0.4%. By sector inside JCI, Financials was the largest positive contributor (1% mom), while Consumer Staples was the largest negative contributor (-0.6% mom). Global market continued the rally in the last month, supported by Fed dovish statement which indicated no more rate hike for this year as well as by optimism on development of US-China trade talk. The favorable global condition also translated into IDR 1.7tn foreign net inflow which supported domestic market in general, especially on large cap. Better-than-expected trade balance (+USD 330mn) also helped to support the market. In the other hand, IDR was slightly weakening by 1.2% to IDR 14,241/USD. Going forward, Indonesia Equity market will continue to depend on domestic economy development, USD/IDR currency movement and global risks' dynamics.
