FUND MANAGER COMMENTARY

In April 2020, USD Onshore Equity Fund booked performance of 8.49% mom, below the MXID performance (in USD). By sector inside MXID, Materials was the largest positive contributor (2.2% mom), while Financials was the largest negative contributor (-2.8% mom). Global market and domestic market continued the rebound from the end of March, driven by various stimulus by government and central banks all around the world. In the other hand, oil price also bottomed out in the later part of the month. Going forward, Indonesia equity market will continue to depend on the development of global and domestic Coronavirus event, including number of cases, potential treatment and vaccines, and policy reaction including healthcare policy, stimulus, and plan for reopening.
