### FUND MANAGER COMMENTARY

In February 2020, IDR Ultimate Equity Fund booked performance of -6.62% mom, better than benchmark. By sector, Information Technology sector was the least negative contributor within JCI in February 2020, while Consumer Staples sector was the largest negative contributor. Global and domestic equity markets corrected further in the month of February 2020, driven by continued fear of global corona virus outbreak given rapidly increasing number of cases outside China, despite another benchmark rate cut by BI by 0.25% in February 2020. Going forward, Indonesia Equity market's volatility and direction could continue to depend on global risk dynamics, in particular in relation to the development of Corona virus outbreak outside China, including in Indonesia.
