FUND MANAGER COMMENTARY

In September 2020, USD Onshore Equity Fund booked performance of -12.46% mom, in the same direction with MXID performance (in USD). By sector inside MXID, Energy was the least negative contributor (0% mom), while Financials was the largest negative contributor (-7% mom). In last month, global equity market corrected due to increasing worry on economic recovery trajectory because of resurging Covid19 cases in several regions. Within the backdrop of global market correction, domestic equity market also corrected amid unexpected Jakarta second phase lockdown, concern on continuity of central bank independence, and IDR15.6 trillion net foreign outflows. Going forward, Indonesia equity market will continue to depend on the development of global and domestic Coronavirus event, including number of cases, potential treatment and vaccines, and policy reaction including healthcare policy, stimulus, and support through recovery until post-Covid19 period.
