FUND MANAGER COMMENTARY

In April 2021, IDR Equity Syariah Fund booked performance of -2.83% mom, slightly above the benchmark performance. By sector inside JII, Materials was the least negative contributor (0% mom), while Consumer Staples was the largest negative contributor (-1.3% mom). In last month, global market rallied in the first half of the month and consolidated in the later half. Global manufacturing recovery and resumption of broad activities were the tailwind, while Covid19 resurgence in various countries became the headwind. In the other side, domestic market posted mixed performance amid stabilizing yield environment and Rupiah. Going forward, Indonesia equity market will continue to depend on the development of global and domestic Coronavirus event, including number of cases, treatment and vaccines, and policy reaction including healthcare policy, stimulus, and support through recovery until post-Covid19 period.
