FUND MANAGER COMMENTARY

Higher food prices and transportation cost contributed to July inflation at 0.08% MoM (+1.52% YoY). Meanwhile core inflation moderated to 1.40% YoY vs 1.49% in June 2021, after the country re-imposed tighter movement restrictions to curb Covid19 spread. As inflation stayed benign and Rupiah strengthened to IDR 14,463 against USD (-0.26% MoM) by end of July 2021, Bank Indonesia (BI) decided to keep the policy rate at 3.50% to support the economic condition. Liquidity in banking sector remained ample, while the mudharabah return were reduced by 25 bps to the range of 2.5% - 3.25% in August and the IDR Dana Berkah Fund booked return of +0.06% in August 2021.
