FUND MANAGER COMMENTARY

In August 2021, IDR Growth Equity Syariah Fund booked performance of -0.95% mom, below the benchmark performance. By sector inside ISSI, Consumer Discretionary was the largest positive contributor (0.7% mom), while Communication Services was the largest negative contributor (-0.5% mom). In last month, global equity market posted positive movement amid mixture of headwinds and tailwinds including continuing global reopening, relatively dovish stance from Powell speech in Jackson Hole, mixed directions of daily new Covid19 cases across different regions, as well as continuous incoming stricter new tech policy in China. In domestic side, equity market also performed positively driven by declining daily new Covid19 cases and gradual reopening. Going forward, Indonesia equity market will continue to depend on the development of global and domestic Coronavir event, including number of cases, treatment and vaccines, and policy reaction including healthcare policy, stimulus, and support through recovery until post-Covid19 period.
