FUND MANAGER COMMENTARY

In June 2021, IDR Balanced Syariah Fund booked performance of -1.55%. In last month, global equity posted mixed performance amid discussion of potential Fed tapering and Covid19 resurgence in various countries. In domestic side, resurging Covid19 cases after Lebaran put pressure on the domestic equity market, especially on the large caps. In bond market, IBPA Indonesia Government Sukuk Index Total Return went up by +0.88% on monthly basis. The sentiment was supported by the foreign investors' inflow and resilient domestic demands, especially from banks. Banks loan growth in May 2021 continued contracting by -1.3% YoY, marking the eight consecutive months. On the monetary side, Bank Indonesia maintained the BI 7D-RRR at 3.5% amid lower inflation expectation in June 2021.
