FUND MANAGER COMMENTARY

In July 2022, USD Prime Global Equity Fund booked performance of +8.83% mom, slightly above the benchmark performance. In last month, global equity market rebounded driven mainly by relatively dovish Fed outlook, except for China market which corrected due to concern on property sector, growth outlook, and less visibility on reopening. Going forward, equity market will continue to depend on the development of global and domestic factors such as development on global inflationary pressure and subsequent policy reaction, global economic growth, and geopolitical situation.
