FUND MANAGER COMMENTARY

In May 2022, IDR Growth Equity Syariah Fund booked performance of -3.4% mom, below the benchmark performance. By sector inside ISSI, energy was the largest positive contributor (2% mom), while communication services was the largest negative contributor (-2.6% mom). In last month, global market posted a mixed month on month performance, generally with correction in the first half of the month due to fear on more hawkish tone from the Fed and rebound in the later half of the month due to expectation that the fear will not materialize as well as better development and expectation on China lockdown situation, China government policy to stabilize its economy, and talks on potential easing on trade tariff between US-China. Domestic market also saw similar pattern of correction and rebound with IDR3.5trn outflow in the last month. Going forward, Indonesia Equity market will continue to depend on the development of global and domestic factors such as development on global inflationary pressure and subsequent policy reaction, global economic growth, and geopolitical situation.
