## FUND MANAGER COMMENTARY

In December 2023, Equity Syariah Fund booked positive performance of +1.50% mom, below the benchmark performance. By sector inside JII, Materials was the largest positive contributor (+3.4% mom), while Consumer Discretionary was the largest negative contributor (-1.2% mom). In last month, global equity market continued the rally, driven by expectation on sooner rate cut due to further dovish stance by the Fed, with the exception of China market that corrected amid sign of slow recovery. Domestic market also followed the global market rally with IDR 7.6t net foreign inflow. Going forward, the potential of sustainable and structural improvement in Indonesian economy with rising GDP/capita will become positive tailwind for long term Indonesian equity asset class for medium-long term horizon.
