FUND MANAGER COMMENTARY

In May 2023, USD Prime Greater China Equity Fund booked performance of -6.16% mom, below the benchmark performance. In last month, global equity market generally posted negative performance due to concern on China's economic recovery which also put pressure on commodity prices as well as due to intensifying US debt ceiling issue. Going forward, equity market will continue to depend on the development of global and domestic factors such as development on global inflationary pressure and subsequent policy reaction, global economic growth, and geopolitical situation.
