## FUND MANAGER COMMENTARY

Global equities jumped in November, reversing sharply from drawdown in August to October. November saw broad based recovery as all sectors delivered positive returns. There was also broad-based strength in the fixed income markets in November. Treasuries rallied in November as US 10-year yield fell by 60 basis points and ended at 4.33%. The focus for the Advanced Funds is to construct a well-diversified portfolio. The balance of risks is evenly matched. Fundamentals remain resilient with labour market remaining tight and earnings growth inflecting from the 2022 lows.
