FUND MANAGER COMMENTARY

IDR Dana Berkah Fund generated +0.27% in April 2024 performance. Sharia Mudarabah returns remained the same within the range of 4.50%–6.00% p.a. Inflation remain unchanged at 3.0% YoY in April from March 2024 and the IDR has weakened against the USD by 2.55% in April 2024. On the monetary side, Bank Indonesia surprise policy rate hike of +25 bps to 6.25% due to weakening IDR movement of -2.55% to Rp16,260/USD. Bank Indonesia aim to strengthen IDR stability against the impact of deteriorating global risk and as a pre-emptive and forward-looking measure to maintain inflation within the 2.5% ± 1% target corridor in 2024 and 2025 in line with the pro-stability monetary policy stance.
