FUND MANAGER COMMENTARY

In August 2025, IDR Balanced Syariah Fund booked performance of +0.59% mom, above the benchmark performance. During the month JCI Index recorded a strong +4.6% return, driven by rebound in Financials, Energy (mainly Dian Swastatika Sentosa), and Communication Services. On the other hand, JAKISL index was down -2.4% mom, largely due to correction in Materials (Barito Pacific, Chandra Asri Pacific, Amman Mineral), Consumer Staples, and Healthcare. In August, the market outlook was generally positive on the back of rate-cuts narrative and value angle. BI delivered its 4th back-to-back cuts down to 5% in August. Additionally, the 2026 State Budget Draft was announced, drawing mixed responses, but overall pointing towards faster government expenditures in 2H25. Foreign investors turned net buyers, recording a net inflow of IDR11.1tn (US\$676mn) for the month. A reversal from the net foreign outflow of IDR7.4tn (US\$686mn) in July. IBPA Indonesia Government Sukuk Index Total Return recorded positive return by 1.32% on a monthly basis. Market sentiment was supported by IDR 18.1 trillion in foreign inflows into the bond market. Meanwhile, Bank Indonesia (BI) lowered its benchmark rate by 25 bps to 5.00% at its August Board Meeting, marking the fourth rate cut year-to-date despite stronger-than-expected Q2 2025 GDP growth of 5.12% YoY and broader indicators continuing to point to a slowing economy. BI emphasized that the rate cut aligns with expectations for inflation to remain within the 2.5% ± 1% target corridor in 2025–2026, while also supporting rupiah stability and economic growth.
