FUND MANAGER COMMENTARY

The IDR Fixed Income Fund generated a return of -2.22% in March 2026 and the 10-year government bond yield rising by 43 bps to 6.86%. Market sentiment was negatively impacted by geopolitical tensions in the Middle East, coupled with a 1.34% depreciation of the Rupiah reaching IDR16,995 per USD and foreign investors outflow of IDR21.8 trillion in March. Meanwhile, Bank Indonesia (BI) kept the BI policy rate unchanged at 4.75% at its Mar-2026 Board of Governors Meeting, stating that stability is the priority for now, a complete reversal from February, and dropping the earlier line on pushing economic growth.
